

# INSTITUTE OF NEUROBIOLOGY, UNAM CAMPUS JURIQUILLA

## ASSISTANT PROFESSOR Investigador Asociado C

The Institute of Neurobiology UNAM ([www.inb.unam.mx](http://www.inb.unam.mx)) offers a tenure-track position at the level of Assistant Professor (Investigador Asociado C) to join the National Laboratory of Magnetic Resonance Imaging (LANIREM: <http://www.lanirem.inb.unam.mx>).

LANIREM focuses on basic and clinical research of brain imaging, and has an MRI facility for small species (7.0T) and two 3.0T MRI for humans and other species. The selected candidate is expected to expand the methodological capabilities of LANIREM through close collaboration with multi-disciplinary scientists and clinicians who intend to apply MRI for their projects and to build an original research program. Applicants are expected to have a doctorate degree, postdoctoral experience related to MRI and a strong track record of peer-review publications.

Interested applicants must submit CV, addresses of three references, a three-page statement of research interests, and a one-page statement on their views of teaching to [ataulfo@unam.mx](mailto:ataulfo@unam.mx) before August 30th, 2018.
